Dear Parents and Caregivers,

Life Education has been successfully supporting primary school drug and health education since 1979. Life Education will be visiting Waitara Public School from Monday 23 February to Friday 6 March 2015. Every class and student has the opportunity to attend at a cost of $10 (which was included in the Term 1 invoice).

Life Education’s comprehensive programs have been specifically designed to assist schools achieve the outcomes of their state and territory curriculum. Activities are based on the Health and Physical Education outcomes. They are also designed to be integrated into additional curriculum areas, as deemed relevant by individual schools. Sessions are designed to be age specific and sequential.

Research shows that the earlier we encourage children to develop positive self-image, self-esteem and a feeling of uniqueness, the better equipped they are to make positive healthy choices later in life.

Life Education assists students to:

- acquire age appropriate knowledge to support informed health choices
- develop and practice skills and strategies to act upon individual decisions
- recognise the values and attitudes that may influence lifestyle choices and behaviours.

Please complete the form below and return to your child’s class teacher by Friday 6 February, 2015.

Regards,

Kate Barrat
Assistant Principal

Julie Webber
Principal
